In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE, Capt. BROWN,
WESTERN STAR, " THAYER,
FRANK PIERCE, " MARCY,
CHARIOT OF FAME, " KNOWLES,
PARLIAMENT, " SAMPSON,
NORTH AMERICA, " DUNBAR,
DANL. WEBSTER, " HOWARD,
PLYMOUTH ROCK, " CALDWELL,
SUNBEAM, " PUTNAM,
LEVI WOODBURY, " NICKERSON.

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:
Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.
Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.) Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who may have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK, Bishop of Boston."

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.

These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

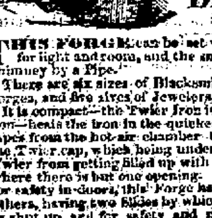
QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.



THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

The New Test of Democracy.

The Washington *Union*, the organ of the Pierce Administration, as of the National Democratic party, proclaims adhesion to the principles of the Nebraska Bill as *"essential to Democratic Orthodoxy."* The Madison *Democrat*, the organ of our State Administration and of the dominant party in Wisconsin, echoes this sentiment and pronounces the passage of the bill as a *"virtual quietus of the Slavery agitation forever!"* Both treat the bill as an Administration measure and a Democratic principle. It is the living issue of the day. Our State and National Administrations, and the party which sustains them, have thus adopted Nebraska as the standard of their political faith. He that is not for Nebraska, is against them. He that is for them, must also go for Nebraska.

Do the Freemen of Wisconsin realize this fact? Are they prepared to surrender their principles, their convictions and their consciences to the keeping of the rulers of the self-styled "Democracy?" Are they ready to sacrifice Freedom itself at the shrine of Party? Will they consent that as far and as fast as Liberty shall extend, under the protecting aegis of the American Union, Slavery shall spread with equal pace and equal power? Was this the design of our glorious Confederacy when first formed? And is this to be its dark destiny? Is SLAVERY to become a fixed and permanent institution of the Republic and ours to be the only civilized and Christian People in the world who maintain and defend this cruel and crying wrong?

If the NORTH would indeed be free from the sin and shame of Slavery, now is the time for the North to act. The issue is fairly tendered us by the administration and the party who have forced Nebraska through Congress. They claim and proclaim it as a democratic measure, and they summon to its support all the friends and adherents of the National Administration. If they thus organize to uphold Slavery, shall not we make ready in behalf of Freedom? Since Nebraska has thus been made the prominent issue in the political canvass, will the freemen of Wisconsin hesitate to meet it? Who doubts that a vast majority of the electors of this State, and a decided majority in each Congressional District of the State, are utterly opposed to the Nebraska Iniquity and zealous for its repeal. Let it be our care, then, to make that majority efficient and potential. Let us take heed that *a true man* is sent from each District to the next Congress, who will neither dodge, nor trade votes, but will stand up, unflinching and to the last, in determined, outspoken, uncompromising resistance to every aggression of the Slave Power and every extension of the Slave limits. Let Wisconsin show, in the councils of the nation, a united and firm front in support of the fundamental principle upon which the American Confederacy was formed: the spread and maintenance of Free Republican Institutions, and the vindication of Man's inalienable rights, Life, Liberty and the pursuit of happiness.

The Slave Riot in Boston.

The Morning *News* of yesterday, in discoursing upon "mob law and the city of Boston," makes the following charge against the *Sentinel*:

The abolition organ in this city, directly, and the *Sentinel*, by implication, justifies this murder. The *Sentinel* denominates it the "First fruits of the Nebraska Bill," and the *Free Democrat* more pointedly and boldly declares that the murder was the LEGITIMATE result of the law of Congress organizing the new territories. The word "legitimate" means, according to Webster, lawful; we are, therefore, to understand the position of the whig and abolition allies here to be that the act of placing a pistol at the head of the Marshal and blowing out his brains, was in itself a proper act, and a just judgment upon those who engage in carrying into execution laws of the United States which may be obnoxious to those who, as citizens, claim the right to trample upon such laws as do not commend themselves to the moral sense of each individual.

It is hardly necessary to say that so far as the *Sentinel* is concerned, the above is a gross and we doubt not a *wilful* misrepresentation. The *Sentinel*, neither directly nor by implication, "justifies this murder." Indeed we have not, as yet, uttered a word on the subject, for the sufficient reason that in the absence of all knowledge as to the facts we had no means of forming an opinion.—How, by whom, or under what circumstances the Marshal was killed, we are, at the present writing, wholly unadvised. When we do know, we shall not hesitate to charge the blame where it belongs. Meanwhile, the *News* will please to understand that the *Sentinel* does *not* hold "the act of placing a pistol at the head of the Marshal and blowing out his brains, in itself a proper act."

Having exhausted its indignation upon the City of Boston for permitting this occurrence, and upon the *Sentinel*, for truly recording it as "the first fruits of the Nebraska Bill," the *News* proceeds to "point the moral" in this wise:

Those examples of mob violence *may be remembered* by the German citizens of those States in which prohibitory liquor laws are enacted, when it is proposed to put a violent restraint upon their life-long domestic habits, to interfere with what they deem to be the sacred right of freedom and the right of property. *It will be difficult to make them perceive why* it is not as "legitimate" for them to shoot down the officers of the law who, in the execution of their duty, as officers, enter their premises to destroy property made contraband by an *odious* law of their own State; as it is to shoot down a sheriff or marshal who, in the execution of *his* duty attempts to seize the property of a citizen of another State.

Is this a delicate hint to the opponents of the Maine Law to "shoot down" any officer who may be entrusted with the duty of enforcing that law? Are we to understand the *News* as setting up the doctrine that this would be "a proper act"?—Or does it hold that a man may "shoot down" the officers of the law in defence of his property, but not of his liberty? And is the Maine Law less obnoxious to its "moral sense" than the Fugitive Slave Law?

PARTIES IN THIS DISTRICT.—The *Free Democrat* cites the Congressional vote of this District in 1852 as proof that the Free Soilers out-number the Whigs here. The Presidential vote at the same contest, which we think a fairer test, shows a different state of things. That stood, Pierce 8198, Scott 5192, Hale 4388—majority against Pierce 1382. We do not think that a year's experience of PIERCE as President has *materially* increased his strength in this District.

PEOPLE'S CONVENTION AT MADISON.—The *Free Democrat* thus responds to the proposition to hold a Convention of the Freemen of Wisconsin, opposed to the Nebraska Iniquity, at the State Capitol, on the 13th of July, the anniversary of the passage of the Ordinance of '87:

We heartily second the proposition for a State Convention of all the friends of Freedom, irrespective of party, at Madison, on the 13th of July, to organize for the repeal of the Nebraska bill, and of all laws enacted for the special benefit of Slavery. We trust that all the presses of the State, in favor of such a Convention, will respond to the proposition promptly. Such a movement, inaugurated among the People, in the spirit of '76, would muster to its standard an overwhelming majority of the voters of the State, and secure the return of three members to Congress, a State Legislature, and a U. S. Senator, pledged to Freedom and repeal. Shall such a consummation be effected? What say the press and the people?

SENATOR DODGE.—We noticed the absence of Senator Dodge of this State, on the final vote in the Senate upon the Nebraska Bill, and expressed the hope that he had a good excuse for that absence. It was stated by Mr. JONES, of Iowa, in the debate just previous to the vote, that Gov. DODGE had paired off with his son, AUGUSTUS DODGE, who was in favor of the bill.

BERLIN AND LAKE SUPERIOR RAIL ROAD.—We learn from the Marquette *Mercury* that the stockholders of the Berlin and Lake Superior R. R. Company met at Berlin on the 18th instant, pursuant to a notice published by the Commissioners named in the Charter, and organized the Company by the choice of the following Directors: John B. Smith, D. H. Richards, Jesper Vliet, J. V. Swetting, Ezra Wheeler, James Field, D. D. Merriam, R. N. Messenger, J. F. Basson, E. Beals, David Moulton, Jessup Alvord and G. A. Sacchi. At a subsequent meeting of the Directors, the following Officers were chosen, accordance with the provisions of the Bye-Laws: Hon. JOHN B. SMITH, of Milwaukee, President; J. V. SWETTING, Secretary; WM. J. BELL, Treasurer and JESPER VLIET, Chief Engineer. Messrs. J. B. Smith, Jesper Vliet and G. A. Sacchi, were chosen Executive Committee; and Messrs. E. Wheeler, J. V. Swetting and E. Beals, Finance Committee. The Board then adjourned to meet again on the first Wednesday of August next.

The Berlin and Lake Superior R. R. Company connects at Berlin with the Milwaukee and Horicon Rail Road. A glance at the map of our state shows that this route to Lake Superior is a very direct one, and the reports are favorable as to the character of the intervening country. It is the confident expectation of the Directors of the Milwaukee and Horicon road, that they will be able to reach Berlin by the fall of 1855. If so, they will take the lead in the race for Lake Superior.

STEAMER ON PORTAGE LAKE.—Lying across the great peninsula called Pt. Keweenaw, which juts out into Lake Superior, and on the northern side of which are Eagle Harbor, Copper Harbor, and other ports for the mining regions, is a long lake, called Portage Lake, communicating by a navigable river with Lake Superior, on the south side of the peninsula. The other extremity of the lake is very near the mines, and a steamer, the *C. C. Douglas*, has just been placed upon it. Passengers landing at the entry to the lake, can reach the mines in an hour.

R. R. V. U. R. R.—The Watertown *Register* understands that an effort is being made to place the Vally Road in the hands of responsible parties, so that the north end may be completed to Watertown. It thinks that "under a new rule, with men at the head who are responsible in character and means," it would be well for the people of Watertown to loan their credit for the enterprise.

NO CHOLERA IN GALENA.—The last Galena *Advertiser* says:

There is no Cholera in Galena at the present time, to our knowledge. A little personal attention, at the proper time, has probably placed the city in a better state of health than has existed for several months previous.

UP THE RIVER.—The St. Paul papers announce the arrival of the steamer *Galena* at that place one day last week, with 390 passengers, 50 cattle, 12 horses, and 120 tons of merchandize.

"THE ECLIPSE A HUMBUG."—So the anxious philosophers of Madison and Watertown declared, after having duly prepared their smoked glass, and finding thick clouds interposed between them and the phenomenon.

A Wisconsin Town.

The last *Appleton Crescent* contains a lengthy and interesting history of the beautiful and thriving village in which it is printed. Settled first in 1848, it has grown very rapidly, with a healthy growth. Its situation, some 60 feet above the waters of the Fox River, is very handsome and commanding, a fertile country surrounds it, and its waterpower is inexhaustible. The *Crescent* says:

Our population is mostly American, but few foreigners having located here. Sabbaths are better observed than by the people of any other village or city in the state; our citizens are moral and temperate, and groggeries, doggeries and saloons find neither countenance nor support.

The hardest of the work is finished, the difficulties and trials incident to border life have been met and overcome, and Appleton is now filling up quite rapidly with settlers from the Eastern and Middle States.

And, lastly—epidemics, fevers and consumption are strangers to our locality. Deaths are few and far between, and health is general and universal.

The *Crescent* adds the following list of the places of business of Appleton:

7 Dry Goods stores; 1 Grocery and Hardware store; 1 Drugs and Groceries; 1 Groceries and Variety; 1 Grocery and Bakery; 1 Grocery and Provisions; 1 Drug and Book; 2 Tin Shops; 2 Paint Shops; 2 Flouring Mills; 1 Paper Mill; 4 Saw Mills; 2 Lath Mills; 1 Planing Mill; 2 Sash and Blind Factories; 1 Edge Tool Factory; 1 Chair Factory; 3 Cabinet Ware Rooms; 3 Lumber Yards; 3 Blacksmith shops; 3 Tailor shops; 1 Harness shop; 5 Boot and Shoe shops; 1 Gunsmiths shop; 1 Market House; 1 Saleratus Manufactory; 1 Ashery; 1 Milliner's shop; 1 Dentist; 1 Barber; 2 Fanning Mill Manufactories; 1 Wagon Shop; 1 Cooper shop; 2 Hotels and some four or five Boarding Houses; 2 Architect; 4 Law offices; 3 Medical Offices; 1 Publishing house and Printing office; 3 Surveyors; several Carpenter's shops; 4 Secret Societies; 1 Sax Horn Band; &c., &c.

THE GIST OF THE NEBRASKA BILL.—The bill which has passed Congress is very long having occupied an hour in the reading in the House.—The following section contains the infamy of the thing:

"And be it further enacted, * * * That the constitution, and all laws of the United States which are not locally inapplicable, shall have the same force and effect within the said Territory of Nebraska as elsewhere within the United States, *except the eighth section of the act preparatory to the admission of Missouri into the Union, approved March sixth, eighteen hundred and twenty which was superseded by the principles of the legislation of eighteen hundred and fifty, commonly called the compromise measures*, AND IS HEREBY DECLARED INOPERATIVE AND VOID; it being the true intent and meaning of this act not to legislate slavery into any Territory or State, nor to exclude it therefrom, but to leave the people thereof perfectly free to form and regulate their domestic institutions in their own way, subject only to the Constitution of the United States.

Provided That nothing herein contained shall be construed to revive or put in force any law or regulation which may have existed prior to the act of March 6th, 1820, either protecting, establishing, prohibiting, or abolishing slavery."

The Even Sections.

By the subjoined letter, it will be seen that the period when the "Even Sections" will be brought into market, is indefinitely postponed.

GENERAL LAND OFFICE, }
May 12, 1854. }

Messrs. LAW & RYAN,
Editors of the Appleton Crescent,
Appleton, Wisconsin:

Gentlemen:—I have to acknowledge the receipt of your letter of the 5th instant, enquiring when the even no. sections along the Fox and Wisconsin rivers, which are reserved from sale, will again be brought into market?

In answer to your inquiry, I have to inform you that, in accordance with the request of the Executive of Wisconsin, these lands will not be advertised and offered at public sale, until the action of Congress can be had on a Bill now pending, in relation to granting the right to select other lands in lieu of the sections above referred to. Due notice will be given to pre-emptors to come forward and establish their claims previous to the day on which the sale will commence. I am very respectfully,

Your Ob't Serv't,
JOHN WILSON, Com'r.

—Appleton Crescent.

NEW WAREHOUSE.—Messrs. CATLIN & WILLIAMSON are about building a capacious Ware House, 44 by 70 feet, and three stories high at the foot of Washington Avenue, near the Depot—the basement to be fitted up for a store, and the three upper stories for storing commodities and goods. We were shown a draught of the building executed by S. H. Titus, Esq., an accomplished Architect and civil engineer, formerly of New York, who has recently made Madison his residence.—*Madison Journal.*

ANOTHER LAND GRAB!—The following land 69 towns, in this Land District were reserved from sale on the 1st inst., agreeably to the request of the Michigan delegation, to give an opportunity for the Oakland and Ottawa Railroad to try to get a bill passed giving them this extensive Grab. It embraces all the unsold lands in Brown, part of Outagamie, Oconto, Waupaca, Kewaunee and Manitowoc. We hope that all such bills will be defeated.—*Appleton Crescent.*

PASSENGER DEPOT.—The contract for building the Railroad Passenger Depot, on the east side of the river, has been let to Messrs. Bassford & Neff, at $4,000.—*Watertown Register.*

BOMBARDMENT OF ODESSA.

The Russian Account.

ORDER OF THE DAY.—ODESSA, April 23, (Christ has risen,) 1854.—On the 9th (21st) instant, an Anglo-French squadron, composed of six three-deckers, thirteen two-deckers, and nine steamers, carrying altogether 1,900 guns, anchored at the distance of three versts from Odessa.

About 4 P. M., Admiral Dundas and Hamelin sent me a flag of truce, with a letter demanding me to deliver up with the least possible delay, the Russian, English and French vessels in the *pratique* and quarantine ports. I gave no answer to this presumptuous demand, as they might reasonably have expected.

On the 10th of April, about 6 A. M., nine steamers of the enemy, one carrying 54 guns, and eight carrying for the most part 32, having passed beyond the reach of the first or right land battery, attacked in turn the five others, sending at the same time shells into the town, and then the whole stationed themselves in front of the 6th battery; that on the left placed on the point of the mole of the *pratique* port.

Our batteries on the bank mount 48 guns, as follows:

The 1st carrying	6 mortars	calibre	96, and
	2 howitzers	"	48
2 "	6 guns	"	24
3 "	16 "	"	24
4 "	8 "	"	38
5 "	6 howitzers	"	24
6 "	4 "	"	24

The enemy taking advantage of the heavy calibre of his guns, and particularly of his paixhans, of 68 and 96, kept for the most part out of range. For this reason the 4th and 5th batteries, being distant, took little part in the contest, although they were within range of the enemy's guns; but the 6th, or left battery, placed on the extremity of the *pratique* port fought at first with four guns, and afterward with two—one of its guns being dismounted, and the enemy being out of the range of the other.

This battery, commanded by Ensign Sethegolew of the reserve battery of the 14th brigade of artillery, maintained a contest of six hours against the enemy's steamers, which toward the conclusion of the battle were seven in number, in addition of these, they had a screw steamer of the line, carrying 84 guns. The battery at length ceased firing, and Ensign Stchegolew only drew off his men when the vessels which where in the *pratique* port behind the batteries, as well as the fortifications, caught fire. The coolness and self-denial of Ensign Stchegolew spread themselves amongst his artillerymen, and at the end of the battle three of the enemy's steamers were obliged to be taken in tow.

In virtue of the powers which have devolved upon me, I have honored those who particularly distinguished themselves in the above mentioned battle with the order of "Military Knights." When the battle was finished, I reported to his highness the field marshal the brilliant exploit of Ensign Stchegolew.

The hostile steamers, being built of iron and drawing very little water, were enabled in spite of opposition, to round the mole and approach the bank—one of them going toward the suburb of Porceipe, accompanied by boats, from which they threw congreve rockets, which burned the vessels in the *pratique* port and the houses in the suburb. They then attempted to effect a landing, but were repulsed by the grape shot of four guns from battery No. 5, garrisoned by the 14th brigade of artillery, and covered by six companies of the reserve battalion of Tomsk, and Colyivansk (chasseur regiments) placed in ambush. Driven back to their vessels, and exposed to a cannonade during their retreat, they suffered a sensible loss, whilst we had only a few men killed and wounded, and two gun carriages destroyed.

During this time the enemy's line-of-battle ships left their line and drew near the country house of Gen. Luders, to fire broadsides into it.—They were received, however, by the fire of the batteries 1, 2, 3, and after exchanging a few shots, retreated to their line. This manœuvre they executed several times. The battle lasted about 12 hours. About 7 o'clock in the evening the line of battle ship and the steamers left our left side, regained their position, at the same time that the vessel which was opposite batteries 2 and 3 withdrew to the line.

The relation of the brilliant manner in which the officers and troops conducted themselves, is the best proof which I can give them of my lively gratitude.

May we always then, aided by divine grace, continue to serve God, our Emperor, and our country as conscientiously as we have to-day.

Signed by the aide-de-camp of Gen. Baron Osten Sacken.

MOUNT VERNON.—The Washington correspondent of the N. Y. *Express* writes as follows relative to the proposed purchase of the Washington estate by the General Government. For agricultural purposes we would not give a quarter section in Wisconsin for the whole of it, but it would be worth the price asked, for the country to own the estate, so that it might preserve the dust of the Father of His Country in some manner that should not cause visitors to his grave to suppose, from the neglected, delapidated, condition of things around, that he was already forgotten:

"The Legislature of Virginia, at its last session, adopted a resolution requesting the United States Government to purchase Mount Vernon. The price demanded for the whole estate of about 1000 acres, is $250,000. There are two valuable fisheries on the property which now yield about $5000 annually. The whole income of the estate including $1500 received annually from visitors at 25 cents each, is not far from $12,000. For the house and 100 acres Mr. Washington demands $200,000. Either price is exhorbitant; but not more so than the price Government usually pays for its acquisitions of real estate in this region. It is now proposed by the House and Senate Committee on Military affairs that Government should sell the 150 acres purchased two or three years ago in this District for a Military Asylum, and buy Mount Vernon instead. The Committees will visit Mt. Vernon in a few days with a view to an examination of its capabilities for this purpose. If they should report favorably, Congress will probably make the necessary appropriation."

Ten Names to be Remembered.

The South is not quite so badly off as the ancient city for which Abraham interceded, for there *are* ten honest men found in it.

JOHN BELL, WILLIAM CULLOM, ROBERT M BUGG, EMERSON ETHERIDGE, and A. TAYLOR, Whigs from Tennesee; THEODORE G. HUNT, Whig, of Louisiana; SION H. ROGERS and RICHARD C. PURYEAR, Whigs, of North Carolina; THOMAS H. BENTON, of Missouri, and J. S. MILLSON, of Virginia, Democrats, voted against the Nebraska Bill on its final passage. Long after their colleagues shall have been charitably forgotten, these names will be remembered by the people, North and South, as men who in the time of trial stood firmly up for Public Faith and National Justice. And distinguished as some of them have been, we are mistaken if the time does not come when they and their constituents will point to this as the best deed of their Congressional life.—*Albany Eve. Journal.*

HOE AND FORK FACTORY.—The Factory of Messrs Keyes & Granger, in the basement of the red shop on the Water Power, is now in full operation, manufacturing rivetted and solid hoes, and hay and manure forks. They have made this season about 4000 forks and 2000 hoes, all of which they have a ready sale for, with orders on hand which they are unable to supply. They employ six hands constantly. They are obliged to enlarge their business, and have recently interested with them Mr. Parkhurst, from Vermont, an experienced workman in the business, who becomes a partner in the concern. They use a trip hammer driven by water power, and are able to turn out as good work as can be manufactured in the Union. The great demand for the hoes and forks manufactured by Keyes & Granger is a gratifying evidence of the estimation in which they are held.—*Watertown Register.*

Correspondence of N. Y. Tribune.

The Price of Treachery.

Washington, May 24.

The secrets connected with the passage of the Nebraska and Kansas bill, will leak out through Executive appointments hereafter. Already by confirmation of the Senate, a son of George S. Houston of Alabama, and a son of Dr. Olds, of Ohio, have been rewarded for their fathers' subserviency to the wishes of the Administration. Others will follow, and when the slate is full, and the Territorial appointments all made, then shall we hear of the scors of broken promises made to members by the President, to appoint them Governors, &c. Alas! that honorable members should put their trust in Pierce or princes, and he purchased up with promises.

CONVICTED.—The four Irishmen, who were indicted for Murder at the Kane County Circuit Court for the killing of Albert Story, at Lasalle, last winter, had their second trial at Geneva, last week, before Judge ISAAC G. WILSON. They were all convicted of Murder, and were yesterday sentenced to be hung, but at what time we are not informed. There was a great excitement during the trial, but the result seemed to give general satisfaction. Among the leading counsel for the prosecution, was R. S. Blackwell Esq., of this city; for the defence, Thomas Hoyne, and J. F Farnsworth, Esq., also of Chicago.—*Chicago Press.*

CONVICTED OF MURDER.—James and Michael Toohey, Kearn Brennan, and Martin Ryan, were convicted yesterday of the murder of Story at Lasalle, at the time of the riot last winter. The trial took place at Geneva, and was the second, having been granted on a motion by their counsel at the close of the first. We learn that a writ of error will be taken to the Supreme Court.—*Chicago Dem. Press.*

The Nebraska Bill Passed.

Under our telegraph head it will be seen that this Bill, abrogating the compromise has passed the House of Representatives. Clayton's amendment excluding foreigners, it is said, was stricken out. Of course it goes to the Senate for concurrence. The scheme is said to have succeeded by trading with the friends of the Land Grab system. We wish for fuller intelligence from Washington, before expressing our indignation. The great objection to the Bill was the clause abrogating the Missouri Compromise. If this has been accomplished, the South may hereafter bid adieu to all compromises, and the question of slavery will be yearly agitated until it overcomes the liberties of the people, or sinks itself into the depths of the sea of perdition. We hope the free people of the North will see the necessity of arraying themselves against the spread of the accursed institution upon our free territories. The barrier to its progress, which has been reared against it for the last thirty years, is broken down, and the North has nothing but a realizing sense of the broken faith of Southern demagogues and Northern dough-faces—*Watertown Register.*

AUTOGRAPHS.—We had the pleasure of spending a leisure hour in the study of Mr. LYMAN C. DRAPER of this place yesterday, and of looking over his rare and extensive collection of manuscript letters, &c. There we saw letters from Patrick Henry, Jackson, Boone, old mad Anthony Wayne, Washington, &c., &c. There was one letter from Jackson, written while he was yet an obscure lawyer, acting as a land agent, treating of objects similar to those of the business letters of some country lawyer in the newly settled portions of this State—about locating lands, making claims &c. Jackson was not a good speller in those days. There was a journal kept by Gen. Rogers in the darkest and bloodiest period of Kentucky's history, when scalping and being scalped were the most ordinary commonplace matters, and of daily occurrence, as is shown by the brief journal of the old veteran. The associations called up by looking over these records of the olden times are difficult to be described.—*Madison Journal.*

WHEAT CROP.—From all parts of our County we hear but one report—that the grain crop never looked better at this season of the year.—Winter Wheat promises an abundant yield, if nothing befalls it in the future. Spring wheat looks fine, and large fields were sown, notwithstanding the high price of the seed. If anything like present prices shall continue, wheat growing will soon enrich our farmers, as the cost of putting in a crop is less than on most lands, and the best of yields have been realized by simply dragging in the wheat upon the newly burned fallow, the plow not being used at all; in fact this method is preferred by some who have tried thorough cultivation.—*Appleton Crescent.*

RAILROAD CELEBRATION AT MADISON.—From all accounts our friends at Madison had a city full of visitors on Tuesday last. About 2000 persons were on the excursion train from Milwaukee. It was indeed an era in the history of our State, when the iron horse first entered our political capital. But it is only the first link in the great chain which is destined to bind all parts of our State in closer intimacy; and the time is not far distant when all portions of our State will be within a few hours distance of each other. When that time arrives, we may reasonably hope that the sectional jealousies which have grown up in our midst will be forever silenced. We regretted much our inability to attend the celebration at Madison. We shall endeavor to be on hand at the opening of the Watertown Rail Road—*sure.*—*Watertown Register.*

DREADFUL ACCIDENT.—On Saturday evening last, Mr. H. Richards, a student from Janesville, fell from the top of the new University Building, (the 5th story,) to the ground! He was dreadfully bruised and mangled about the head, face and hands, and was taken up for dead. Surgeons Beach and Mosher were promptly called, and did everything in their power to alleviate his sufferings. Altho' very low, strong hopes are entertained for his recovery.—*Appleton Crescent May 26th.*

LANDS WITHDRAWN FROM MARKET.—We understand that the Land Officers at this place have received instructions from Washington to withdraw from sale a large tract of lands for Railroad purposes. The tract embraces about *one million and a half* of acres in this Land District, and doubtless runs into the Stevens' Point District. It commences on Lake Michigan, near Manitowoc, running west, and takes a strip of about thirty miles in width, for one hundred miles. The reserve consists of some of the best lands in the State—including rich and valuable Pineries—and is doubtless intended for the Lake Superior Rail road.—*Menasha Advocate.*

MARINE INTELLIGENCE.—The new schooner *Republic*, Capt Cross, which was launched from Jones's ship yard, this spring, arrived this morning from Milwaukee with 12,000 bu wheat, and is at the Wadsworth Elevator. She made the trip round in 21 days. On her passage down, she had capricious weather—a storm on Lake Huron, in which she lost some spars, succeeded by a calm, and on Lake Erie light breezes. Capt. Cross is satisfied that his trim schooner is "one of em."—*Buffalo Commercial, Saturday.*

VESSEL SALE.—The schooner Willard was sold yesterday by W. T. Richmond. Esq., to Capt. White and others for $5000.—*Chicago Tribune.*

SALE OF A PROPELLER.—We understand that the Messrs. Holt, Palmer & Co., have sold the propeller Sciota to Mr. Jas. C. Evans, for the sum of $18,000. She is to take the place of the Kent, recently destroyed by fire, in Evans' line of propellers between this port and Toledo.—*Buffalo Republican.*

THE WATERTOWN BANK.—Mr. Prichard informs us that the new Bank building which he is about erecting will be three stories high, with a round front, and that he designs having the walls up by the first of August, if it is a possible thing. The Bank will start with a capital of $50,000.—*Watertown Reg.*

FROM CALIFORNIA.—By the Northern Light and Illinois, which arrived on Thursday, and the North Star, the day previous, was received the immense amount of $2,669,556 in gold. The three vessels also brought more than two thousand returned Californians.

REAL ESTATE.—On Saturday E. O. K. Garvey sold to Peter Martineau 9 acres on the Lake Shore, half mile from the City, North, for $2000. A great bargain to-day. Quick sales and small profits. About 2 months ago Mr. Garvey purchased the same land from Mr. Saberton, of Chicago, for $1000—at that time a fair price. Such are the rates of advance: our prospects are still onward.—*Morning News, Yesterday*

What is a constitutional argument? *A black eye.*

City Matters.

NEW ADVERTISEMENTS.

Messrs. LUDINGTON & GRIDLEY, our neighbors below stairs, having received and arranged their Spring Stocks of Dry Goods, Groceries, &c., in the different departments of their extensive establishment, make announcement to that effect in our paper this morning. We take pleasure in commending them to the continued favor of the public.

"BARSTOW AND THE BALANCE," who stand high among the farmers of Wisconsin (but not half as high as the said farmers would like to hang them) occupy a space in our columns with a commendatory notice of their famous, and very productive and patient buck "WISCONSIN." We cheerfully bear testimony to the industrious and careful manner in which Messrs. B. and the B. have availed themselves of the valuable properties of the animal which has fallen into their hands, they having shorn him even to the last hair of his tail. The people of the State would do well to make some arrangement by which they can obtain "Wisconsin" from his present owners.

SUPPLY HOSE CO. No 1, is called together by the proper authorities.

Our booksellers are in receipt of new supplies of new books. A. WHITTEMORE & Co., S. CHAPMAN, and C. J. GILBERT & Co., give notices of late works, among them Ex-Gov. FORD's very interesting history of Illinois.

ROONEY has a sale of damaged dry goods and crockery to-morrow morning, and, with the usual perversity of human nature, we doubt not that many will buy themselves rich on the occasion.

LARGE RECEIPTS.—The amount of produce coming in, both by railroad and teams, continues very large; in fact beyond all the calculations of our dealers. Farmers are bringing in wheat from distant portions of the State, and large quantities are coming up from Stephenson and McHenry counties in Illinois. The long platform at the M. & M. R. R. depot was piled up yesterday from end to end with flour and grain, and part of a train of cars standing near by, for the contents of which there was no room. The freight bills of the train from the west on Monday evening amounted to $1400, or more. The merchandize depot is also crowded with goods going into the country.

HABEAS CORPUS CASE.—In this case, before Judge SMITH, of the Supreme Court, Mr. PAINE, of counsel for S. M. BOOTH, occupied the morning yesterday, in continuance and conclusion of his argument. He was followed, in the afternoon, by District Attorney SHARPSTEIN, for the Government. The case will be closed by Mr WATKINS, for the Defence.

EVENING LINE OF BOATS TO CHICAGO.—We learn from Capt. CLEMENT that the steamer *Pacific* will be put on the route, between this city and Chicago, on the 10th of June, leaving each city every evening at 8 o'clock; giving us a Night as well as a Day Line, which is needed to accommodate the steadily increasing travel. The *Ocean*, now undergoing repairs, will be here about the 20th of June, to take her place in the line. The boats from Chicago now arrive in season to connect with the evening train west for Janesville and Madison, and the in train from the West will connect here with the night boat for Chicago.—Thus passengers leaving Madison in the afternoon will reach Chicago the next morning in time to take the earliest train going East.

☞ The wind blew freshly and steadily from the North-East, during the greater part of yesterday, bringing with it a soaking rain, which continued to fall till late in the afternoon.

☞ The steamer *Traveller*, Capt. COOPER, arrived from Chicago, yesterday afternoon, with 400 passengers and 60 tons freight. In consequence of the thick weather and heavy sea outside, she did not go on to Sheboygan, but came around into the river. Among the passengers was the Hon. BEN. C. EASTMAN, Representative from the Western Congressional District of this State, who has left Washington on a brief business visit to his constituents.

CARS FOR THE M. & W. R. R. CO.—The schr. *Robert Campbell* arrived yesterday morning from Chicago, brought 30 freight cars, in pieces, for the Milwaukee and Watertown R. R. Co., manufactured by A. B. Stone & Co. of Chicago. They will be put together immediately. We are pleased to see this company providing thus early for their work, which will give them all that they wish to do the moment the road is opened.

A CHANCE FOR SPECULATION.—S. H. VANDERCOOK, proprietor of the village of Newburg, Washington Co. exhibits it this morning to the readers of the *Sentinel*, in all the beauty of its proportions, and with its waterpower, streets, mills, etc., laid down in order to an accurate understanding of its advantages. Whatever is lacking, the enterprising owner will be glad to tell to speculative inquirers.

CIRCUIT COURT---May 30.

JUDGE HUBBELL PRESIDING.

State of Wisconsin vs. James Connaughty, indicted for the murder of John Gullen, convicted and new trial awarded by the Supreme Court in June last. District Attorney Butler and J. E. Arnold, for the prosecution, James A. Mallory for the Prisoner.

The whole of the first day, Monday, was occupied in empanelling a jury,; the following having been sworn as jurors:

Martin Conlan,	Isaac Neustadtl,
Geo. W. Brown	L. N. Dewey,
Henry Hayes,	Wm. W. Woodward,
Henry Rose,	John C. Dick,
C. G. Everts,	Geo. H. Scarrit,
Lorenzo W. Moore,	E. G. Fowler.

District Attorney Butler opened the case for the prosecution and the examination of witnesses was commenced. Case in progress.

The State vs. Abraham and Caroline Malangro, The prisoners, brother and sister, were convicted, some days since, of incest, and brought up yesterday for sentence. The woman, when asked by the Court if she had anything to say for herself, replied thro' an interpreter, that she was innocent, and that the father of her two children was dead. The Judge sentenced both prisoners to 18 months imprisonment in the State Prison, and ten days' solitary confinement.

POLICE COURT, MAY 30th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

Michael Dwyer was brought down from Jail, and examined upon the charge of threatening to kill his wife. He was required to recognize in the sum of $500, with two sureties, to keep the peace for six months.

A warrant was issued against John Brown *alias*, charged with stealing a trunk, containing shoes of the value of $60, from the warehouse of Brown & Larkin. Defendant was committed to Jail, to await an examination.

Vincent Reed was tried on the charge of breaking the windows and doing some $4,00 damage to the dwelling and shop of John Williams in the 3d Ward, Monday night. Found not guilty and discharged.

IMPORTANT TO DELINQUENT TAX-PAYERS.—Commissioner CAMERON, this morning, rendered an important—and we would term it a wise decision—relative to the taxes of 1851; James Kneeland, prayed for an injunction to stay the city from granting a deed to Anson Eldred and Eliphalet Cramer, on certificates of the tax of 1851. The argument was heard yesterday, and occupied most of the day.—Winfield Smith and Wells & Brigham for the Injunction, and City Attorney Foote and Wm. P. Lynde against it. After due deliberation, the Commissioner *denied the injunction*, and Mr. Kneeland then paid the tax certificate. Under these circumstances, we would advise the delinquents to come forward and pay their taxes to the city at once.—*Wisconsin*, of yesterday.

COMMERCIAL.

REVIEW OF THE MARKETS.

FOR THE WEEK ENDING, MAY 30, 1854.

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, May 30, 1854. }

RECEIVED BY RAILROAD May 29th—6107 bus wheat, 5421 do oats, 1500 do corn, 670 do barley, 945 do potatoes, 306 bbls flour, 2 bales rags, 7 sacks rye flour, 7314 lbs hams, 560 lbs hides.

The receipts of produce by Railroad in market yesterday were again large, but the inclemency of the weather prevented much out door work, and the day was a dull one. Prices of wheat remained without material change. The receipts are so far beyond what is usual at this season of the year, that dealers find some difficulty in the present tight state of the money market in obtaining readily means with which to operate, and the scarcity of vessels adds to the trouble. The change of wind, however, it is hoped will bring along shortly a fleet of vessels, some time since reported as upward bound.

We quote wheat at 147@150 for club, and 155@160 for winter.

Barley and oats without change. The supply of the latter grain is large, and goes into store.

Sales 100 bbls Emerald Mills flour at 7,12½, and 1000 do Stone Mills at 7,25.

FREIGHTS.—Schr *Defiance* is chartered for wheat to Buffalo at 14c, and 15c was offered for another vessel yesterday. Brig *Iroquois* takes flour at 75c, and wheat at 20c. to Ogdensburg.

SPECIAL NOTICES.

Sheep Shearing, Advertisement.

The undersigned, proprietors of the celebrated Buck WISCONSIN, propose to exhibit this extraordinary animal at the Sheep Shearing Festival to be held at Whitewater this day. *Wisconsin* has been in our exclusive control since January last, though we have had, at sundry times previous, excellent crops of his wool. As our concern will be dissolved about the 1st of January, 1855, we are disposed to part with the animal after that time—with the understanding that we may repurchase at the end of two years, by which time we think he will again be fit for Shearing. Having been sheared to the skin within the past six months, he is just now in rather bad condition, but entirely free from disease, as will appear from the certificate of Dr. McLane, late Senator &c.

One great merit in this animal is, that he never complains, no matter how much wool may be taken from him. Our "*School Land*" and "*Extra Compensation*" clips, so called, were highly profitable, last year, though we regret to add that the "*Swamp Land*" clip entirely failed. This, however, may do better next winter. Any person wishing to go into the Sheep Shearing business will find this an excellent opportunity. Terms easy, as we are about to leave the State.

Holloway's Pills, the Best Remedy for the Cure of Dropsy—Extract of a letter from Mr. P. Williams, dated Melford, March 1, 1852—"To Professor Holloway—Sir,—Feeling grateful for the benefit my wife has derived by the use of your Pills, I consider it my duty to inform you of it. Soon after the birth of her last child, her feet and ancles began to swell, and afterwards her whole body, strong [illegible] dropsy; this occurred at the turn of life. I obtained the best medical advice but her health continued to decline. I then tried your Pills, which I am happy to say have restored her to sound and perfect health."

☞ The best evidence that can be adduced in favor of the effectiveness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to assert that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to take course to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the alleviation immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

Perfectly Disappointed.

We had until of late considered the days for selling and of course for buying Patent Medicines past, and that the new era in Medicine must greet the world's favored inventions. But we give it up, Dr. A. L. Adams' Liver Remedy is talked of more, used more and creating greater sensation than any other Compound before the public, and should not this be the case? It is positively producing more cures than any other Medicine now extant. It is an undeniable fact that this Medicine is as good for what it claims as a Warrantee—and we are yet to learn of the first failure in what it claims to do. We pledge ourselves that there is no humbug about it. See the testimonials in this paper.

A Wonderful Discovery has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—"It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan 14th.*

It is situated between two of the main thoroughfares leading out of Madison (the County Seat of Dane County, and the Capital of the State of Wisconsin) one and a half miles from the State House, and one half mile from the State University. The location is on an elevated plain, giving an excellent view of the Town, "Third" and "Fourth Lake" and the high rolling Praries, fifteen to twenty miles distant, making it one of the most desirable country seats in the whole Western States. Its proximity to the Capital will make it a convenient residence for one doing business in the city or to use for agricultural purposes alone, and for an investment will result in great pecuniary advantage.—The farm is known in and about Madison as the "Gorum Farm." A large part of the purchase money may remain on Bond and Mortgage for a term of years. Any enquiries by mail respecting the above farm will be promptly answered. my15d&wtf LEONARD J. FARWELL

PATENT MEDICINES.

Mexican Mustang Liniment.

DURHAMVILLE, N. Y., December 12, 1851.

Messrs. Bragg & Co.:—

GENTS:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name could be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived straightened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste, HIRAM FIELD.

HUNTSVILLE, N. C., November 28, 1853.

Messrs. A. G. Bragg & Co.: Gentlemen—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly asonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so. With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.

Broken and Caked Breasts, Sore Nipples, Piles, Eruptions, and Corns on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum.
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.
One small bottle will cure Chapped Hands.
Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.
One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.
One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.
One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.
A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

CURE OF SALT RHEUM OF TEN YEARS STANDING.

A lady residing near Lyon, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

PRICES.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

For sale by A. G. BRAGG & CO., sole Proprietors.—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Caution! To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!

WOLFE'S Schiedam Aromatic Schnapps.

THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing.

A long established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with vile common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.

It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.

The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in their laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless, and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Resse, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally in this widely circulating columns, and the views of the medical faculty in reference to my Schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the ware-rooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful and horrible consequences of intoxication—that vice which desolates the social hearth; entails misery upon countless thousands; fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

"A monster of such hideous mien,
That to be hated, needs but to be seen"

Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—

"Oh, that a man will put an enemy into his mouth
To steal away his brains."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the Juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit.

FIRE INSURANCE COMPANY.

Office 185 East Water Street.

Capital over $165,000—in Cash and Premium Notes

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

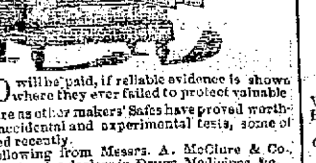
Fire King Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable tom Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c. ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close our safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so anxious for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO. ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 13th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN, Importer of Wines, Cigars, &c., Broadway, Albany

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season, of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the second day of April, their names. Season to commence the second day of April and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. We have had one of Kidder's Patent Gas Regulators in use for over two months, and as the best evidence of our complete satisfaction, we give below an abstract of our Gas Bills for the past three months.

All the above difference should not be attributed to the use of the Regulator, but we are confident that *it has diminished our Gas Bills from twenty-five to thirty-three per cent*, and at the same time afforded us a clear and steady light at a uniform pressure, independent of the number of burners in use. PATENT MEDICINES.

AYER'S

CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent, below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonful every three hours; commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLEN, Attorney at Law.

Wilksbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.— I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
CHAS. STREATER, M. D.

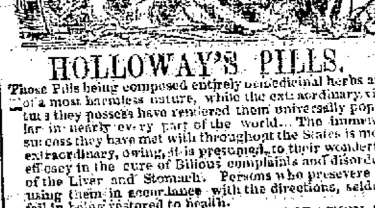
THE ROAD TO HEALTH!



HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world.—The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1852.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.— It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

PROFESSOR WOOD'S

ORIENTAL SANATIVE LINIMENT.

THIS LINIMENT is not the mere creature of some old recipe, gotten up without knowledge or skill, and then presented to the world as a *sovereign balm for every wound*, and a cordial for every ill to which poor humanity is subject, but it is the result of long and faithful study, and is only submitted after testing its wonderful medicinal virtues in thousands of cases where every other accessible remedy had failed, and hence the proprietor can say with all confidence, that no intelligent person who once sees its effects will ever be without it. It will be observed by all that this Liniment is so pregnant with medicinal virtues, is a concentration of oils and other vegetable substances; and hence, when applied will not evaporate even in the smallest degree, and must penetrate to the seat of the disease, if that be possible, being perfect nonsense to claim (as most humbugs do) that it will penetrate throughout universal organized matter and enter the very bones.— But, instead of this, he will proceed to lay before the reader a plain, candid statement of facts.

1st. This Liniment is invaluable auxiliary in the treatment of some of the most formidable diseases with which it is our lot to contend; for instance, Inflammation of the lungs and bowels. By a thorough and continued application of this Liniment over the region of the affected organ these otherwise formidable diseases are at once disarmed of more than half their terrors, particularly among children, and thousands of mothers, were they aware of it, would apply to it in the sequence of feeling and affection, bear witness with tears of gratitude to the fact that it had snatched their children from the very jaws of death, and restored them to all their former health and beauty. Again—it will be found a powerful auxiliary in removing what is generally known as Ague Cake, or an enlargement of the spleen; indeed, in all cases where an external application is of service, this Liniment will be found useful. Again—Ringworm, Tetter, Neuralgia, swelled and stiff joints, Contraction of cords, Bruises, Sprains, Galls, Wounds, Cuts, &c., have all been cured in an incredibly short space of time, by the use of the ORIENTAL SANATIVE LINIMENT. It also cures Scrofula, King's Evil, Foul Ulcers, and is applicable wherever an external remedy is required to reach the affected part.— And for horses and cattle, for Windgalls, Ringbones, Sweeney, Spavins, Pole Evil, Fistulas, Sprains, Galls, Bruises, Cuts, &c., the proprietor is satisfied that no remedy was ever offered to the world equal to it.

ST. LOUIS, March 28, 1854.

This is to certify that we have, for some months past, used Prof. Wood's Oriental Sanative Liniment, both upon our men and horses, and we have no hesitation in saying, that, although we have used many, if not all, of the popular liniments of the day, this is decidedly the best we have ever used, and all who use it will more than realize their most sanguine expectations of its wonderful effects.

NO CURE, NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are well known to need any comment. All who have need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect, and power—and in no instance has the strictest of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising in their various stages, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure, that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so.

SIDNEY BREESE, Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color, and since its application all dandruff has disappeared from my head, and its present appearance is as fine as in the spring of life. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 29, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

ST. LOUIS, September 29, 1853.

Dear Sir:—By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had twenty years ago.

I commenced using the Restorative weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.

Yours, very respectfully,
N. B. HOLMAN, BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had assumed its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, and I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I can therefore no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salt county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.— There is considerable inquiry for the article, &c.

Very respectfully, yours, R. THORN.
